Finance & Information Matters

Review the proposed budget for 2025

Mr. Hicken remarked that nothing changed since the 2025 Tentative Budget was adopted. The Board had no questions at this time.

Discussions and Reports

General Manager – Review the public hearing agenda, and review District goals for 2025

- The General Manager reviewed the public hearing agenda
- The General Manager presented a list of District goals and actions for 2025. Goals and expectations are set with each employee or team. The Board requested a quarterly review of the District goals. The Board wants the District to be perceived as a great workplace where employees are valued, well-trained, and well-paid. The General Manager indicated that employees are sent to conferences and certification courses based on the requirements of each position. They are also trained on-site and given paid time to study for certification tests. Professional improvement is important for the Board and Executive Team.

<u>Director of Engineering & Development – Projects and development updates</u> The Engineer displayed photos of the projects and reported on the following:

- <u>1-215 Frontage Rd</u> The contractor is working on the final line abandonment, fire hydrants, and cleanup.
- <u>Midvalley Animal Clinic</u> The contractor poured the concrete pad around the hydrant they had installed earlier.
- <u>Taylorsville Park on 6200</u> The sewer line has been installed and the meter vault has been relocated

- <u>Bus Rapid Transit</u> The contractor poured concrete for a signal pole and part of it was over a TBID waterline. They chipped out the concrete over the waterline to ensure access to the waterline.
- <u>1130 West Waterline</u> The District is still waiting on easements from Rocky Mountain Power and there is no estimated length of time for this to occur.

The Engineer reiterated that TBID's employees are constantly aware of their surroundings in the District. They are quick to respond and advise when something affects the District. In the case of the Bus Rapid Transit issue, the Water Quality Supervisor, Mr. Marshall Crabtree, noticed the contractor was pouring concrete over the District's waterline.

Director of Finance & Information – November financials, EUM

Mr. Hicken remarked that interest rates were still at 5% in November. Operating Revenue is 6.4% over budget, mainly due to water sales. Operating expenses are 11.2% under budget. Over half of the difference is from Central Valley. Capital expenditures are \$18.5M below budget, mainly due to the 1130 West and Meadowbrook Waterlines Replacement projects not being completed in 2024. There have been no significant changes in EUM.

Operations & Maintenance - November water reports

Mr. Robinson reviewed the water reports. He remarked that precipitation and snowfall are below average. November water sales were better than in the last three years. Year-to-date sales are 13,063 acre-feet. Water sales are estimated to end the year at 13,500 acre-feet. Trustee Swensen praised Mr. Karl Slade for a great job on the 1:1 peak factor at Jordan Valley and remarked that it is important to cross-train other employees on that task.

Risk & Asset Management - November customer water usage reports

Mr. McDougal indicated that residential usage in November was 16 million gallons higher than last year. Most of that difference is probably from the improved accuracy of the new meters. Mr. McDougal will continue to note the difference in usage over the next year.

Trustees – Updates, discussion, reports

Trustee Kleinman asked for clarification on the Wastewater Line Replacement category that shows red in the EUM. The Engineer explained that if more than a mile of sewer pipe needs to be lined it is a significant commitment and the category needs to be red as per District standards. The District will be lining next year.

Board members, the Attorney, and their significant others are invited to the District luncheon on December 20th at noon.

The board meeting went into recess

Chapter 16 Utah Public Officers' and Employees' Ethics Act

67-16-1 Short title.

This chapter is known as the "Utah Public Officers' and Employees' Ethics Act."

Amended by Chapter 147, 1989 General Session

67-16-2 Purpose of chapter.

The purpose of this chapter is to set forth standards of conduct for officers and employees of the state of Utah and its political subdivisions in areas where there are actual or potential conflicts of interest between their public duties and their private interests. In this manner the Legislature intends to promote the public interest and strengthen the faith and confidence of the people of Utah in the integrity of their government. It does not intend to deny any public officer or employee the opportunities available to all other citizens of the state to acquire private economic or other interests so long as this does not interfere with his full and faithful discharge of his public duties.
